2606/03 Public participation	Proposed: Cllr Broughton, Seconded: Cllr Thomas Resolved: The meeting was temporarily suspended – unanimous In Bloom – it was reported that it is very busy at this time of the year; each planter has a unique theme and there are now 15 volunteers. A member of the public raised an objection to the planning of 3 houses on Railway Street – drainage. Loss of privacy for current residents. Not enough space around these. Limited passing places and no pavements or pathways and this development would mean more vehicles compromising the safety of pedestrians. There are well documented issues relating to drainage in this part of Barnetby as highlighted in a previous planning application. The environmental impact remains high. A further resident, a local farmer, raised support for the planning and stated that the plots were similar size to those opposite. A field entrance is remaining opposite number 24 and the other properties are facing the street. This is to be affordable housing where the resident perceived it is low traffic levels and the design in-keeping with the area. The meeting was re-opened
